Scribes

Visually Impaired person joining the institution can take up their examinations with the help of scribes and they can arrange the scribes by themselves after giving an undertaking from their side. If they need assistance from the institution, we will also help them with scribes for taking up their examination

Screen Reader

Our institution has got NVDA which is open-source software. This enables translators and developers around the world to continually contribute to its expansion and improvement. NVDA allows blind and vision impaired people to access and interact with the Windows operating system. It also has more facilities for them to access easily.
